

Adjustable Height Workbench

Heavy-Duty, Ultra-Strong Work Surface For The Toughest Of Jobs

Every project is unique, and you need a workspace that can adjust to meet your needs; with height-adjustable legs that allow you to set the optimal frame height for more comfortable work sessions.

Available in: *Black and White.* *Bamboo and Stainless Steel Worktops.*

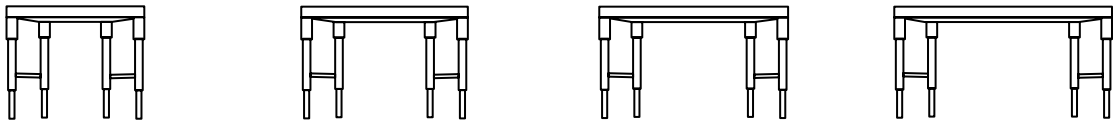

Strength, Stability and Durability

Built tough to handle any project, with an impressive weight capacity of 2,000 lbs.; giving you a rock-solid surface to support your tools, and building materials. Your choice of durable Stainless Steel or Bamboo worktop options that help to resist stains and chips. Install against the wall for a perimeter work area, or seamlessly integrate it into your Pro or Bold Series cabinet set with its color-matched frames.

Height Adjustability

Set your optimal frame height from 29.5 in. H - 43 in. H. Included adjustable leveling legs provide a perfectly level work surface on uneven garage floors.
